style door panels, chrome side trim)

Factory roof rack

1.5l gas engine (with California emissions)

4 speed

Bright Yellow L-11C

Black interior

Car resides in Marietta, GA

Vedubauman@aol.com

Currently the car is almost ready for the body shop. The car will be receiving a full ground-up restoration. When completed the car will almost be stock. Chrome euro bumpers, rear pop out windows, euro speedometer, adjustable suspension and wider 13" wheels will be the exception. The car will still retain the stock 1.5l engine and 4 speed transmission. I've been collecting NOS and replacement parts for the last 3 years. Hopefully it will be completed by next Summer.

Other cars I own:

1998 Passat 1.8T

1989 Cabriolet

1981 Caddy

Restoring:

1969 Deserter GT

1972 Porsche 911

1975 Rabbit
